file system statement embedded query sql lock

Search Patents

[Advanced Patent Search](#)**Patent Search** Patents 1 - 10 of 31 on file system statement embedded query sql lock. (0.26 seconds)**System and method for performing database operations on a continuous stream of tuples**

US Pat. 6604102 - Filed Nov 29, 2001 - Hewlett-Packard Development Company, LP.

The **SQL** cursor—corresponding to a single **query (SQL statement)**, ... The leaf nodes are executed by disk processes 62 in a **file system** 114, which may be part ...**Database management system and method for accessing rows in a partitioned table**

US Pat. 6349310 - Filed Jul 6, 1999 - Compaq Computer Corporation

While many transactions include the execution of a **SQL statement**, ... for providing basic **system** services; a **file system** 114, which may be part of the ...**System and method for performing database operations on a continuous stream of tuples**

US Pat. 6339772 - Filed Jul 6, 1999 - Compaq Computer Corporation

While many transactions include the execution of a **SQL statement**, ... an operating **system** 112 for providing basic **system** services; a **file system** 114, ...**System and method for performing database operations and for skipping over tuples locked in an incompatible mode**

US Pat. 6304873 - Filed Jul 6, 1999 - Compaq Computer Corporation

While many transactions include the execution of a **SQL statement**, ... an operating **system** 112 for providing basic **system** services; a **file system** 114, ...**Database management system and method for updating specified tuple fields upon transaction rollback**

US Pat. 6397227 - Filed Jul 6, 1999 - Compaq Computer Corporation

The cursor—corresponding to a single **query (SQL statement)**, compiled **SQL** plan ... process may be used for each logical disk volume. a **file system** 114, ...**Database management system and method for dequeuing rows published to a database table**

US Pat. 6453313 - Filed Jul 6, 1999 - Compaq Information Technologies Group, L.P.

While many transactions include the execution of a **SQL statement**, ... using a single open cursor—corresponding to a single **query (SQL statement)**. ...**System for accessing cobol data files by generating a dictionary of NF.sup.2**

US Pat. 5432930 - Filed Sep 30, 1993 - Eagle Crest Limited

If, based upon decision block 332, the **file statement**, the **query** process routine ... 60 commands, which are generally similar to **SQL** com- the named table. ...**Evaluation strategy for execution of SQL queries involving recursion and table queues**

US Pat. 5546570 - Filed Feb 17, 1995 - International Business Machines Corporation

Description of Related Art Computer systems incorporating Relational database Management **System** (RDBMS) software using a Structured **Query Language (SQL)** ...**Evaluation of existential and universal subquery in a relational database management system for increased efficiency**

US Pat. 6032143 - Filed Dec 4, 1998 - International Business Machines Corporation
2 to interpret and execute an **SQL statement embedded** in source code. ...
components: the Resource **Lock Manager** ("RLM") 110, the **System Services** module 112, ...

System for determining direct and indirect user access privileges to data base objects

US Pat. 5261102 - Filed Mar 28, 1991 - International Business Machines Corporation
It serves a large number of functions which include: a **system** for storage access;
Structured **Query Language (SQL)** statement processing; database management; ...
